President Cortez stated that these are initial proposals that much work must be done before more will be known.

**NEW BUSINESS:**

There were several member concerns and much of the discussion was centered around the new “Work Report” that is being asked for by some members managers. President Cortez stated that there was a meeting later today with the district to discuss this new requirement but based on advice from our Labor Representative Salsberg, not to turn in the form until receiving further decision from the CSEA.
